- + **I will be positive** - I will make an effort to be more positive when interacting with others, and use my social media and other platforms to spread positive messages.
- + **I will be an advocate** - I will advocate for community members who might be in need of my help and support, and not just my closest friends.
- + **I will be a role model** - I will be a positive role model for others by being bold, being positive and leading by example.
